ADVANCED SCREENING AND WELLNESS

is a leader in vascular screening.

Stroke is the third leading cause of death in the U.S. High blood pressure, diabetes, tobacco use and high cholesterol levels can put you at greater risk. **ADVANCED SCREENING AND WELLNESS** uses an ultrasound test to check the carotid arteries in your neck for significant narrowing or blockage due to a buildup of plaque—plaque buildup in these arteries is the leading cause of stroke. This painless, noninvasive test provides images of your carotid arteries and measures their blood flow. Unlike an x-ray, there is no harmful radiation exposure.

Visit our web site at www.myhealthway.com
for a complete list of our screens.

- CAROTID ARTERY (stroke)
- ABDOMINAL AORTA SCREEN (aneurysm)
- LEG CIRCULATION SCREEN
(pad and coronary artery disease)
- Heart Echo Screening (Echo)

Complete Blood Work 30-50% Below Regular Lab Fees
